About Black Dragon Gold

Black Dragon Gold "BDG" is the 100% owner of the largest undeveloped gold project in Europe, the Salave project. Salave is situated in the North of Spain in the province of Asturias. For more information on the Salave project, please refer to the technical report, "Amended Technical Report on the Salave Gold Project, Asturias Region, Spain" dated October 7, 2016, as amended January 31, 2017, filed on SEDAR. In addition to the current mineral resource, historical exploration work suggests there is the potential for additional mineralisation within Black Dragon's landholdings.
